House Rules

1. Initials or Name on Golf Ball

Each golfer must mark his or her golf balls with their initials or name. Each time anyone is found playing without an initialed or named ball, the golfer will be penalized TWO STROKES per occurrence, during the course of 18 holes.

2. Capping of Handicap

In accordance with the new rules of Golf Canada, there will be no capping of Handicap. Rules for maximum handicap a player can have has changed with the new rules the maximum handicap is now set at 54.

3. Handicap

a) Fiji Golf Tournament Scores Only

A motion was passed at the 2024 Annual General Meeting that moving forward from the 2025 golf season only Fiji Golf tournament scores will be used towards establishing each member's handicap.

b) New Members

Any new member joining the club in 2025 onwards will be playing at zero handicap for a minimum of three tournaments till the new member's handicap is established, however they will be able to compete for all prizes – Low Net, KPs, LD and Leaderboard points from day one.

The handicap committee will enter, maintain and administer all tournament handicaps, every member will have access to view their and other member's scores and handicaps on our club's website but will not have access to make changes to any data or enter any scores.

4. Score Cards

There will be two official score cards per foursome. The Captain and Vice-Captain of each group are responsible for keeping scores for the foursome. The Captain and Vice-Captain should verify the hole-by-hole scores after nine holes and then after the end of the round, scores do not need to be totalled. Please sign and date the score cards and submit to the scoring committee. Please ensure that the score cards are legible and accurate. Submitting an illegible or incorrect score cards could be grounds for disqualification. Once the score cards are handed in to the scoring committee no changes will be accepted.

It is recommended that the Captain or Vice-Captain announce the scores for each player before teeing off at the next hole so everyone in the foursome is aware of other players scores.

5. Tournament of Champions

Members who have won low net prizes in each flight during the season qualify for this tournament. Members who do not qualify can play as guest players however, they will not be eligible for any prizes, and this includes the LD and KPs prizes.

6. Long Drive for Men's and Women

Everyone will contest for this category on a specific hole and there will be only one long drive winner declared regardless of their gender.

7. President's Cup

There will be two trophies, golfers will be competing for:

1. Low Gross
2. Low Net, based on 75% handicap.

Any golfer is eligible to win BOTH trophies.

8. Pace of Play

This has been a chronic problem with a handful of our members. The Captain and Vice-Captain of the foursome are responsible for the pace of play. At the first tee box, the Captain should inform the foursome group about "ready golf" from tee to the green emphasizing to those that are riding a power cart that once they drive to where their ball is lying and if the fairway in front of them is clear to take a shot instead of waiting for others who are walking to catch up. The captains must encourage their playing partners to play 'ready golf' to speed up the pace of play and to be within a shot or two of the foursome in front of them in order not to fall too far behind them.

Once everyone is on the green only then, the "furthest away putts first unless someone requests to finish their putt"

It is imperative we enforce these rules and the Captain and Vice-Captain can warn a playing partner two times before imposing a 1 stroke penalty on a third infraction.
